

To Whom It May Concern:

My firm has worked with JMPB for several years on many large projects in Manhattan, Brooklyn, and the surrounding areas. These have been lobby, hallway, and amenity space projects in large cooperative and condominium residential buildings. JMPB has proved to be very timely, organized, and budget conscious. They are consistency focused on minimizing the impact to residents as well as closing out jobs successfully.

My team and I have found JMPB to be a great asset in bringing our designs to life. They have always been responsive and helpful with a deep understanding of the details involved in coordinating construction work. When questions arise during the construction process, John and his team work through the details with us to ensure the best design is achieved.

I highly recommend JMPB.

Sincerely,

*Amanda Thompson*
